## New Free Student Home in state of Bihar, Sheikhura district

- The land in Sheikhura district, Bihar, was donated by Mr. S.K. Sharma, who has been coordinating the Ghazipur health care center - Jawahar Dharmartha Chikitsalay. It is his personal land and he will take care of the student home. He is a civil engineer - retired from government service.
- We have developed a standard plan for FSH. Constructing the FSH with all allied facilities including development of land, compound wall etc. would cost approximately Rs 64 lakhs at current prices. However we can make more detailed estimate based on actual site conditions and firmed up final plan in due course.
- Sri Satyendra Kumar Sharma is a devotee of Pujya Swamiji. He, along with his brother Sri Shailendra Kumar Sharma, donated 50% of the land at their native village "Maur", Barbhiga, Shiekhura District in Bihar for starting a new FSH.
  - This is a remote village and surrounded by other villages. The inhabitants of the village are labourers. There is a high school close to this village.
  - There is a demand for an FSH and about 40-50 students can be accommodated here by constructing one of about 4000 sq ft.
  - The approximate cost for the building, compound wall and other infrastructure will be around Rs 60-70 Lakhs.
  - The land is fit for the construction process to be initiated immediately. This would be our first Free Student Home in Bihar.
